Catalogue of

FOR SALE BY **W. B. Longstreth, Gratiot, Ohio.**

GREETING.

ind Friends and Patrons:—

It is with no small degree of pleasure I take in handing you my modest little catalogue for 1896, and I wish first of all to thank you for the kind words and patronage of last year; and trust, as it has been my aim to please, that I may have your confidence and orders in the future.

My catalogue is not so elaborate or showy as some you may receive, but if you will compare the prices you will undoubtedly find the balance in favor of my modest effort.

If you have not already tried my seeds, please send me a trial order and be convinced that I can, and do, sell you just as good seed and as large packets as the expensive catalogue firms do, for from 30 to 50 per ct. less money.

Important to Customers.

HOW TO SEND MONEY. Cash should always accompany the order. Remittances may be made at my risk by the following methods: Registered Letter, or Post-Office Money Order payable to me at Brownsville, Licking Co., Ohio. Postage stamps, if ones and twos, and in good condition, accepted for fractional parts of a dollar.

ALL SEED advertised in my catalogue will be sent by mail, postage pre-paid by me.

GUARANTEE. Complaints made that seeds are not good, should quite as often be attributed to other causes as to the quality of the seeds. While I exercise the greatest care to have all seed pure and reliable, I do not give any warranty, expressed or implied, that they will produce a crop, as there are so many things to prevent the crop from being secured, such as sowing too deep; too shallow; in too wet or dry soil; wet or dry weather; hail storms; frost; insects &c.

BUT I guarantee them to be **NEW SEED**, and the safe arrival of same to my customers.

I WOULD be pleased if customers on the arrival of their orders would inform me promptly, if the seeds arrived in good condition, and was filled exactly as ordered; also to report the after growth, whether good or bad.

By SENDING the names and addresses of ten or more of your friends who plant garden seed you may select 15c. worth of seed of your own selection **FREE**; providing your order is not less than 25c.

PLEASE REMEMBER to write your NAME, POST-OFFICE, COUNTY and STATE very plainly. Yours Most Truly,

W. B. LONGSTRETH, Box 69,

Gratiot, Ohio.

DANCING SKELETON.

A jointed figure of a skeleton fourteen inches in height, will dance to music slow or fast, keeping exact time, and perform various gyrations and movements while the operator may be at any distance from it. The figure may be examined by the spectators, who cannot discover the motive power.

When handed back to the operator, it is simply placed upon a chair or table, when it will seemingly become endowed with life, and begin to move. At the command of the operator

(who may be in any part of the room,) it will lie down, stand up, dance, etc. This is similar to the wonderful skeleton used by Prof. Pepper, in his lectures and exhibitions. For exhibition in the parlor, before social gatherings, or for public exhibition in the school or lecture room, there is nothing more acceptable. It never fails to create a sensation, and is so substantial as to last for years. We send full and explicit directions with each Skeleton, by the aid of which anyone can readily make it perform, to the astonishment of their friends or the public. Postage 1c.
